New Ideas from Dead Economists: An Introduction to Modern ...

New Ideas from Dead Economists, written by Todd G. Buchholz, is an introduction to the history and development of modern economic thought, originally published in 1989. Since its original publication, there have been two revisions, the most recent of which was published in 2007. In the foreword, Martin Feldstein writes:

New Ideas from Dead Economists - Wikipedia

If you want to extract new ideas from these dead economists then a discussion of the way Marx introduced concerns about power into economics could have drawn interesting parallels with the Public Choice school discussed later which is used as a critique of Keynesian economics. The Rational Expectations school is one recent development discussed and gently ridiculed. The ideas lend themselves ...

New Ideas from Dead Economists (Revised Edition: An ...

There are a couple of points that are good to know before you pick up this short economics history. First, the title is misleading, it is not "new ideas", but just "ideas" form dead economists. Second, it is not only theories (ideas), but also biography (at least sometimes). The latter is where the book fails the most.
