Robin Rosenberg grew up with superhero comics. Later she shared them with her children, and after becoming a clinical psychologist, she

# Access Free The Psychology Of

studied them through the lens of psychology and discovered that “superhero stories are about morality and loyalty, about self-doubt and conviction of beliefs. I also saw that, like any good fiction, the sagas of superheroes bring us out of ourselves and connect us with something larger than ourselves, something more universal.”

After polling a number of people, we  
discovered that heroes are perceived  
to be highly moral, highly competent,  
or both. More specifically, heroes are  
believed to possess eight traits, which  
we call The Great Eight . These traits
