The Colosseum, also named the Flavian Amphitheater, is a large amphitheater in Rome. It was built during the reign of the Flavian emperors as a gift to the Roman people. Construction of the Colosseum began sometime between A.D. 70 and 72 under the emperor Vespasian.

The Colosseum | National Geographic Society

Colosseum, also called Flavian Amphitheatre, giant amphitheatre built in Rome under the Flavian emperors. Construction of the Colosseum was begun sometime between 70 and 72 ce during the reign of Vespasian. It is located just east of the Palatine Hill, on the grounds of what was Nero 's Golden House. The artificial lake that was the centrepiece of that palace complex was drained, and the Colosseum was sited there, a decision that was as much symbolic as it was practical.

Colosseum | Definition, Characteristics, History, & Facts ...

The Colosseum was built more than 2,000 years ago by the Emperor Vespasian, founder of the Flavian Dynasty, as a gift to the people of Rome. For this reason it was originally known as The Flavian Amphitheater. Indeed, the name " Colosseum " originated only later during the Middle Age, probably because the monument was built next to a colossal statue of Nero Emperor, who preceded Vespasian.

History of the Colosseum in Rome: facts you wanna know ...

As Keith Hopkins and Mary Beard put it, the Colosseum is " the most famous, and instantly recognizable, monument to have survived from the classical world. " At the same time, the Colosseum also represents the Roman games and spectacles, particularly the gladiatorial combats that so many people today find both abhorrent yet fascinating.
